

An Open Letter To Citizens Of Didsbury And District

We would like at this time to clarify our position in respect to the postponement of the five-car bingoo, formerly scheduled to be held late this month.

We, the Kinamen bingo committee, made a request to the Arena Board regarding rental of the Memorial Arena for the evening. The secretary returned with the following offer: \$50 rental plus 15% of net profits in excess of \$1000, with the Kinamen being responsible for cleaning and preparation of the premises. Our group discovered the same evening that at least four of the existing night arena board members had not been contacted regarding our request. The Kinamen then made the following offer: \$100 rental with the Kinamen prepared to carry out the necessary cleaning and work involved, such as painting lavatories, etc.

After the entire Board membership had been contacted, the revised offer was as follows: \$50 rental plus 10% of net profits in excess of \$1000. This offer was refused because:-

1. It was felt that no precedent had been set regarding rental at the above rate. The co-operative effort of the Lions and Kinamen in presenting the Jubilee Day program, which occupied the arena for an entire day, did not require any rent, whatsoever. Why?

2. The expense over and above advertising and prize purchasing would amount to approximately \$350. Two large truckloads of building blocks would have to be brought from and returned to Calgary, at an approximate cost of \$200. The remaining \$150 would be no more than cover the work required on the building itself; which would in addition require at least 150 man hours.

Had the Arena Board offered to assist in the preparation of the arena for the evening, the Kinamen would have accepted the proposed rental, but the Bingo Committee did not feel that it should be necessary for them to do all the work and have the Board cash in on any profits which may be realized, without any effort on their part.

Had the bingoo been a success, the Kinamen had intended either making a cash donation, or running in the water and sewer services to the arena.

It has also come to our attention that we are, by virtue of the money spent in our playground project, entitled to seat a member in the Didsbury Board of Education. We expect to do this in the near future.

Contrary to a circulating rumor, the Kinamen were definitely not looking for an "easy way out" of the project. We still fully intend to hold a 5-car bingoo as soon as weather permits.

(From Our Own Correspondent)

Mrs. Herbert Goetjen, a recent hospital patient, was pleasantly surprised on Saturday by the visit of her mother, Mrs. A. Papke and her sister Mrs. Edna Wouters and son Lonnie of Calgary. In the evening they were joined by Mr. Nels Porath of Edmonton. Mr. Porath is a brother of Mrs. Papke Sr., so it was a pleasant surprise all round.

Mr. and Mrs. Dave Giehlert and baby daughter of Edmonton visited at the holiday weekend with relatives in the district.

Mrs. and Mrs. Clarence Reinhardt visited on Sunday with Mrs. J. Simpson and Mrs. and Mrs. Russell Simpson of Cremona.

Mr. and Mrs. John Stevenson and family of Sundre and Mr. and Mrs. R. J. Goetjen of Carstairs spent Sunday afternoon at the H. Goetjen home.

Mrs. Otto Polkman left on a holiday at the weekend. She intends to visit with her sister and brothers, south of the border.

We are sorry to hear that little Linda Rinehart is on the sick list, suffering a relapse from a throat infection.

BULL MOOSE STILL ON THE LOOSE

A bull moose has been visiting in the area north of town during the past few weeks and has been spotted on more than one occasion by farmers and hunters. Mr. Verne Wrigglesworth reports seeing the animal on his farm on day last week and Lyle Ford spotted what is thought to be the same moose while he was doing some early morning duck hunting last Friday.

Harmattan News

(From Our Own Correspondent)

The Harmattan Home and School Assoc. will hold its first meeting of the season on October 21, with Mr. Hooper, school inspector, as guest speaker. Mr. Hooper will also present the Grade IX pupil with the highest marks, the Home and School scholarship award. It is hoped that there will be a good attendance.

A very delightful community shower was held on Saturday night at the home of Mrs. David Morgan, honoring Miss Marilyn Knights, whose marriage to Leonard Turnbull will take place on October 25. A contest which had to be in the form of a limerick was given and caused much amusement. Winners were Mrs. D. Dodd and Mrs. John Armstrong. A musical quiz was then given by Mrs. Vic Johnson at the piano. Mrs. Les Konsechuh and Mrs. Warren Conrad won this contest.

A wedding procession then arrived, consisting of Barry Moore, Judy Conrad, Eleanor Moore, Susan Conrad and Noreen Johnson as minister, bride and groom, and wedding party, complete with cauliflower bouquets and celery headpieces. They ushered in a gift box made up to represent a three-tiered wedding cake and was a work of art. Off to the occasion by Mrs. Albert Gilmore.

The table was centered by a lovely cake made and decorated by Mrs. A. Beauchamp. The bride opened her gift, assisted by Leonard's grandmother, Mrs. Eby of Didsbury, and by Mrs. W. Turnbull and Mrs. Knights. The bride thanked the assembled guests and invited them to visit and her husband in Calgary later on.

Mr. and Mrs. A. Noakes are at present visiting in Calgary.

Mr. Dick Spooner was a weekend visitor at the home of his parents here.

Mrs. R. T. Knights and Miss Margaret Knights of Devon were recent visitors of Mr. and Mrs. M. Knights.

Important Curling Meeting Tuesday

At a meeting of the Didsbury Curling Club, held last week, Mr. Len Slipp was installed as president to replace Mr. Dick Kimmel, who had resigned.

It was decided at this meeting to start foundation work for a new curling rink immediately. A canvass for funds to assist in the erection of this new venture by the curling club will also get underway in short order.

There will be a meeting of the club in the arena at 8:30 p.m. on Tuesday, October 21st, to discuss matters pertaining to the erection and financing of the new rink.

CREMONA HOME AND SCHOOL START NEW SEASON

The Cremona Home and School Association held its opening meeting at the school on October 7th, with more than 100 interested persons in attendance. Mr. Hubby, the principal, introduced his staff. Following this the principal gave a talk on "My hopes and plans for the school."

During the evening Mrs. Van Haften made a presentation of an electric clock for the school on behalf of the Cremona Sewing Club.

Letter To The Editor

The Editor, Didsbury Pioneer, Dear Sir:

May I, through the medium of your newspaper, on behalf of the boys and leaders of the 1st and 2nd Didsbury Boy Scout Troops and the 1st Didsbury Cub Pack, thank the people of Didsbury and District for their excellent support on our "apple day" held last Saturday.

Also a grateful thank you to Campbell's Food Store, the Red & White Store, Holliday's and Jenkins, for their generous assistance in securing apples; and a friendly nod to the editor for coverage of the event in The Pioneer.

Yours for good Scouting, JOYCE MULLEN, A.D.C., Akela, 1st Didsbury Pack

Mr. and Mrs. George Meyer and Mrs. George Meyer Sr., were weekend visitors in Edmonton with Mr. and Mrs. J. J. O'Brien and family.

The Birthday Group will meet at the home of Mrs. Dick Kimmel on Tuesday, October 21st. Weekend visitors at the home of Mr. and Mrs. Fred Befus and family were Miss Lous Hamm of Calgary, Mr. Gerald Befus and Mr. Ron Chilson of Edmonton.

Mr. and Mrs. Lynn Hunsperger and family were Sunday dinner guests of Mr. and Mrs. Glen Jackson and family of Acme.

A Moment With Mons . . .

Two new members were welcomed into Mons Chapter, I.O.E., at the October meeting, Mrs. Len Slipp and Mrs. Jim Currie. Mrs. Emil Dupont Sr. was presented with a silver spoon with crest, prior to her departure to reside in Calgary. The Chapter will miss Lola's excellent work, especially in connection with arena supplies.

The Chapter will cater at the arena on November 11th for the Rodeo, to be held under the auspices of the Amateur Rodeo Association.

The regent, Mrs. A. E. Ford, plans to attend the provincial semi-annual meeting to be held in Stettler this week.

17TH CASE OF POLIO IN CALGARY

Another polio case reported in Calgary on Tuesday brought the year's total to 17 for the area and 15 for the city itself.

Latest patient is a 36-year-old married woman from northwest Calgary, who has non-paralytic poliomyelitis. She had not been inoculated with Salk vaccine.

Of the 17 cases reported in Calgary this year, 12 of the patients had been given one or more doses of vaccine.

Teachers To Meet Next Weekend

The Calgary District Convention of the Alberta Teachers' Association will be held at the Palliser hotel in Calgary on Thursday and Friday, October 23 and 24.

Teachers from Calgary Rural, Calgary Suburban, Drumheller, Poothills, Macleod, Mount Rundle, Olds, Three Hills, Turner Valley, Vulcan and Wainwright will attend.

MANY ALBERTA CARS IMPOUNDED

At the end of August, 522 impounded cars were held in Alberta by police authorities, according to officials of the provincial motor vehicles branch. All had been involved in accidents and the owners had been unable to produce pink cards as proof of financial responsibility insurance.

MOOSE STORIES, YET . . .

An Edmonton couple almost bagged a moose near Revelstoke, B.C., without leaving their car.

The couple were driving along the Big Bend highway when a bull moose lumbered from the bush and charged their car.

Stunned, the moose picked himself off the car and disappeared into the bush. The Humes continued their journey unharmed but with a badly denied auto.

Sorenson Wins Golf Championship

Cliff Sorenson won the men's club championship on Sunday when he defeated Len Slipp 5 and 4 in an 18-hole final contest.

Only two more tournaments remain to be played off — the Scotch foursomes and Wildfire. With any luck the draw committee hope to have these completed by Christmas.

BIRTHS AT THE DIDSBURY MUNICIPAL HOSPITAL

To Mr. and Mrs. George Hamm of Didsbury, on October 9th, a son.

To Mr. and Mrs. Roy Dowell of Carstairs, on October 12th, a son.

To Mr. and Mrs. R. T. Page of Didsbury, on October 12, a daughter.

To Mr. and Mrs. Delbert Klink of Didsbury, on October 13th, a son.

To Mr. and Mrs. W. H. Moncey of Cremona, on October 14th, a son.

GASOLINE TAX REVENUE JUMPS

Provincial governments will collect from the users of highways, during the current fiscal year, an estimated \$481.5 million in taxes from gasoline and diesel oil, licences and fees, fines and other minor sources.

The expected 1958-59 revenue represents an increase of \$12.5 million collected from these sources during the previous year.

A major portion (71 percent) of the anticipated provincial revenue will be derived from used taxes on gasoline and diesel oil. Income from this source will yield the province an estimated \$341.7 million.

Licences and fees, the second most productive user tax, will provide the province with 28 percent of estimated national user tax total, or \$135.6 million.

Two Councillors Get The Nod From Local Voters

Wednesday was election day in Didsbury, when five candidates were vying for two seats on town council. Retiring councillors were Mr. E. Pieper and Mr. Wilmer Rest; the latter did not stand for council this year.

Candidates included R. Bankier, L. Eby, E. Pieper, G. Wilkins and P. Metz.

Following is an unofficial count of the ballots cast with the winners gracing the top two lines:

W. METZ	219
G. WILKINS	181
R. BANKIER	135
L. EBY	111
E. PIEPER	71

The town council now consists of Mayor H. Lynch-Staunton, Mr. C. E. Reider, Mr. E. Klink, Mr. L. Dickau, Mr. P. Andrews, Mr. P. Metz and Mr. G. Wilkins.

Kin Korner

The next regular meeting of the Kinamen will be held on Monday, October 20th, in the hotel dining room.

A father and son "Little League" banquet is scheduled for the near future.

Now that harvest has been completed plans are being made to do a great deal more work on the playground project before the snow sets too deep.

POPULAR, PASTIME — Stock car racing made its debut in the district this year and just a few minutes after this picture was taken the lead car left the track and rolled over several times. The driver was not injured. Most of the drivers are young teen agers of the district and in competition have proven their driving ability. The association staged a race meet at the track west of Olds on Thanksgiving Day and two Didsbury entrants, Miller and Keith McCoy were successful in winning one heat each in the six-race program.

PUBLIC NOTICE
By The Board of Trustees
OLDS SCHOOL DIVISION NO. 31
OF THE
PROVINCE OF ALBERTA

WHEREAS it is deemed expedient by the Board of Trustees of the Olds School Division No. 31 of the Province of Alberta, that the sum of \$635,000.00 should be borrowed on the security of the said division by the issue of debentures repayable to the bearer in twenty-five equal consecutive annual instalments with interest at the rate of not more than six per centum per annum for the following purposes, namely:

Construction of a school of 12 classrooms, gymnasium, laboratory and home economics classroom at Sundre. Construction of a school of 12 classrooms and gymnasium at Olds. Construction of additions of four rooms at Didsbury; of four rooms at Cremona, and of eight rooms and a shop at St. Carstairs. Also for sites at Cremona, Carstairs, Sundre, and Didsbury, and for furnishings.

THEREFORE, notice is hereby given by the Board of the said School Division that unless a poll of the proprietary electors of the said School Division for and against the said debenture loan is demanded as provided by The School Act, the said Board will apply to the Board of Public Utility Commissioners for authority to borrow the sum by debentures. Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

Thomas Morris, Chairman

Dated at Didsbury, Alberta,
this 7th day of October, 1958.

**INSTRUCTIONS TO
PROPRIETARY ELECTORS
IN A SCHOOL DIVISION**
A poll may be demanded in a School Division by a demand signed by five proprietary electors, each of at least twenty per cent of the districts in the division.

Every demand for a poll must be delivered to the Secretary of the Division or in his absence, to the Chairman of the Board of Trustees, within fifteen days after the date of posting of or the last publication in a newspaper of this notice. A certified copy of the demand must be forwarded forthwith to the Board of Public Utility Commissioners of Alberta at Edmonton.

"Proprietary elector" means an elector who is liable to assessment and taxation for school purposes in respect of any property situate in the School Division.

Your Community Is Judged By the Advertisers in "Your" Newspaper . . .

"No business man in any town should allow a newspaper published in his town to go without his name and business being mentioned somewhere in its columns. This does not mean you should have a whole, half or even a quarter page ad in each issue of the paper, but your name and business should be mentioned if you do not use more than a 2 line space. A stranger picking up a newspaper should be able to tell what business is represented in town by looking at its paper — it's the best possible town advertiser. The man who does not advertise his business does an injustice to himself and the town. The man who insists on sharing the business that comes to town, not refuses to advertise his own in the newspaper is not a valuable addition to any town. 1959 CHEVROLET

Completely restyled in a bold, fresh design, Chevrolet for 1959 offers improved suspension, better brakes and easier handling characteristics. Front and rear views of Chevrolet's new Impala sport sedan, above, show large compound windshield and wide wrap-around rear window which insure greater visibility. Height has been reduced and passenger space is increased by almost five inches more width in front seat. Trunk is 20 per cent larger. A new six-cylinder engine, with redesigned valving and carburetion, gives up to 10 per cent more mileage and more usable horsepower at normal driving speeds. It is one of nine, six- and eight-cylinder engines offered this year. Fourteen solid and 11 two-tone combinations are available, all in a new acrylic finish, which retains brilliant lustre up to three years.

Like all '59 Chevies, the Impala Sport Sedan is roomier, smoother riding.

what Canada wants. Canada gets in a Chevy!

'59 CHEVROLET

It's shaped to the modern Canadian taste with a lean, clean silhouette, crisp new contours, beautifully restrained accents. It brings you more spaciousness and comfort with a new Body by Fisher. It has a bright new sheen — a new kind of finish that keeps its lustre without waxing for up to three years. New bigger brakes. Vast new areas of visibility. New Hi-Thrift 6. New handling ease and road steadiness. It's new right down to the tires!

Never before has an automobile manufacturer made such sweeping changes two years in a row. And never before has any car been new like this one. The 1959 Chevrolet is more than a restyled car — more, even, than a completely new car. It's your kind of car. Shaped to reward your new taste in style. Designed to anticipate your desire for greater roominess and comfort. Engineered for greater safety, economy, ease of handling and smoothness of ride.

Your first look shows you that Chevrolet says new like nobody else. New Slimline design brings entirely new poise and proportion to automobile styling. Inside the new and roomier Body by Fisher you'll find truly tasteful elegance. And you'll have clear seeing from every seat. The new Vista-Panoramic windshield curves overhead — and there are bigger windows all around.

When you take the wheel, you begin to find that Chevy's newness goes down deep. A new steering ratio makes handling easier. New suspension engineering gives you a more stable ride. There's a sweet new edition of Turbo-glide.* Eight V8's plus a new Hi-Thrift 6 that goes and goes on a gallon. New and bigger brakes. Even new tires!

There's still more! A new Magic-Mirror finish that keeps its shine without waxing or polishing for up to three years. New Impala models. Wonderful new station wagons — including one with a rear-facing rear seat. And, with all that's new, you find those fine Chevrolet virtues of economy and practicality. Stop in now and see the '59 Chevrolet.

*Extra-cost option.

Bel Air 4-Door Sedan — new right down to its tires.

ALL NEW ALL OVER AGAIN!

Man is a dual being, half animal and half spirit, most people agree. He operates in two worlds, the material and the spiritual. He challenges two frontiers, the scientific and the social.

The fact that he has made a mess of the social does not detract from his brilliant accomplishments in the scientific.

Man, looking up from the slimy cesspool of international, racial and social degradation in which he founders, can at least take excitement if not satisfaction in the marvels of his own accomplishment.

Who would have thought, fifteen years ago, that unbounded energy resources could be harnessed from the molecular disturbance in tiny quantities of mineral or gas? Who would have dreamed that a submarine, powered by the energy in a few ounces of that material, could travel around the world without surfacing, or stay submerged for nearly two months, or pass under the Arctic ice pack?

Who would have thought, fifteen months ago, that scientists were on the verge of sending a man-made object into orbit around the earth, making the complete circle in little over an hour?

Who would have thought, fifteen days ago, that the dream of getting a rocket up to the vicinity of the moon was about to be realized?

And who is there to say that the

frontiers of scientific achievement have now been established for all time.

The farther man goes in his pursuit of scientific knowledge, the easier it becomes to destroy the earth and everything on it. That may well be accomplished in the years ahead, unless, he extricates himself from the cesspool of social depravity. Think of the drama of it!

These truly are exciting times. — The Calgary Albertan

LIGHT YOUR WAY . . .

. . . WITH BIBLE STUDY

"Shall man live again?" To this question sacred Scripture answers: "Because I live, you shall live also." Jesus, the God-man, died for me. But He did not remain in death, for on the third day He rose from the dead. It was the same body that He had while on earth. He talked, walked and ate with His disciples. It was the same body, only different. His body was no longer subject to pain, time, or space. He had passed through the tomb, without even disturbing the grave-clothes. He was a glorified body.

A formidable foe stood in arms against us. It was death. Death brought upon us all because of sin. No light of mercy beamed in his dark, cold eye. Pity found not a harbor in his savage breast. His bow was tightly strung; his arrow pointed at us; our doom was certain — when Christ, our Champion, rushed out and disarmed Death by receiving the dart in His own heart. And now we can fearlessly follow Him, fly to the breach, take advantage of His sacrifice, gain victory over Death, and joyfully break out on the path of life. Where is thy sting? O grave, where is thy victory? Thanks be to God which giveth us the victory through our Lord Jesus Christ.

All who accept Jesus as their Savior, as God's great Sacrifice for their sins, can have this certain hope in their heart: "I am content! My Jesus liveth still, in whom my heart is pleased. He hath fulfilled the Law of God for me. God's wrath He hath appeased. Since He in death could perish never, I also shall not die forever." You and I, Christian friend, need never be afraid of death, for Jesus says: "Be not afraid, only believe."

LONE PINE W.I. HONOR LONG-TIME MEMBER

A regular meeting of Lone Pine W.I. was held at the home of Mrs. H. Neilson recently. Roll call was answered by vegetables for the Senior Citizens' Home. Ten dollars was donated to Mental Health.

Mrs. A. Thompson was presented with a ring for 20-year membership. The 10-cent draw was won by Mrs. A. Thompson.

The November meeting, which was to have been held at the home of Mrs. Roy Milne has been changed to Mrs. Ron. A supper and entertainment has been planned at Lone Pine hall for November 22nd.

Recreation leaders from Alberta, Saskatchewan, Manitoba and B.C. will attend the Western Recreation Conference at the Banff School of Fine Arts, Oct. 17-19. The conference, which is sponsored and arranged by the Alberta Recreation Association, will have as its principal speaker, Dr. E. J. Tyler, professor of psychology at Brandon University. Dr. Tyler has international renown as a psychologist.

The conference will consider problems involving recruitment of able leaders, leadership standard, facility standards, communication, library services and federal assistance for recreation.

Watch For The Signs . . .

Didsbury's first and only one-way street came into being last weekend, when the necessary signs were placed in position to warn vehicle drivers just which way is the legal course. 'Twill take a bit of getting used to but so far it seems to be passing the test OK. However, only time will tell how successful the new scheme will be. The test period is underway.

Just For The Record . . .

Work has commenced on a fish pond for this district. The site, situated just east of town, will in all probability become one of the top beauty spots in this area and provide another diversion from the everyday routine that plagues many small centres. It will be within whistling distance from town and should provide many hours of rest and enjoyment for old and young alike. Hats off, please, to the Didsbury Fish and Game Association, the group mainly responsible for this forward move.

And A Friendly Nod To . . .

To the J. McCulloch family, who, as we reported last week, have been chosen as one of Alberta's master farm families. Were you to read an article elsewhere in this issue, you will understand why the high award went to this family. Congratulations from us, to you, Mr. and Mrs. J. McCulloch and family.

FALL CULTIVATION: Early completion of this year's harvest provides an excellent opportunity for fall tillage. Weed seeds can be induced to sprout earlier in the spring if they are covered by fall cultivation.

Wild oats should be permitted to dry out thoroughly in the fall before they are covered. Late cultivation is especially effective in the control or eradication of such weeds as perennial sow thistle, Canada thistle, quack grass, toad flax, etc.

I have often said and feel this to be true, that you can do more real good in the elimination of these persistent perennials with the last few thorough strokes given late in the fall, especially the last stroke just before freeze-up.

Deep cultivation the last thing with a good cultivator equipped with wide shovels is just about the best procedure that I can think of where these perennial weeds are to be controlled.

In the case of stubble ground the use of tiller or wide level discer is recommended practice. Since we don't like to see straw burned off, it helps very materially to go over the ground after harvest with a sharp bladed machine and work the straw and stubble into the ground. If left until spring it is usually very difficult to work in a heavy straw cover. Last year at Lacombe fall tillage trials averaged 10 per cent greater barley yields than spring tillage trials.

SPIRALING CAR INSURANCE COSTS: WHEN WILL THEY END?

With car insurance rates for young drivers increasing by as much as 20 per cent each year, it looks as if the only way for the youthful motorist to catch up with his high insurance premium is to SLOW DOWN.

Canadian insurance companies lost 40 million dollars last year on automotive insurance, because of necessity, they based their rates on accident statistics that were two years old. The number of accidents, and the average loss in each, spiralled so high that premiums calculated to be moderately profitable left the companies "holding the bag" for a serious loss.

This year, more companies announce every day that they are leaving the automotive field entirely. Others have decided to back out of insurance for drivers under 24 — considered the most accident-prone. (Statistics for Ontario show that drivers under 24 comprise only 17.6 per cent of the driving population, but have 30.8 per cent of the accidents). Many other companies have decided to leave the car insurance field in Alberta and some other provinces that have proven bad accident records. Alberta has the greatest number of motor vehicles per capita (about one for every three persons) and therefore one of the greatest province-wide risks for the insurers.

The answer to the increasing car accident rates? Better roads will help. Safer cars will help. More police highway patrols will help. Some disgruntled motorists claim psychiatric examinations for drivers would help. But the fact remains that the only real way to cut down accidents is for drivers to cut down their speed — and their drinking.

United Appeal Short Of Objective

At a recent board of directors meeting it was decided to close the Didsbury United Appeal books on October 31st.

There are still a few books out and canvassers are asked to return same to the treasurer before the end of the month.

To date \$2815.30 has been collected, which is more than \$500 short of last year's total. It is hoped last-minute donations will boost the total.

The following list completes all donations received to date:

— Al Spang

How true! Pick up any magazine
these days and you are confronted
with statements of "How I lost 50
pounds in so many weeks." It's the
fashion to be slim and moreover —
it's healthier!
Causes of Overweight . . .

1. Eating too much.
2. Eating the wrong kind of food
A diet high in starches, sugars and
fat, and low in the protective
foods — milk, fruit, vegetables,
eggs and meat will cause over-
weight.
3. Lack of exercise.
4. Circulatory disturbances.
How To Diet . . .

Never diet without first consult-
ing a doctor.
A reducing diet must provide
the essential foods for health but
be low in calories.
How To Get The
Essential Foods . . .

Milk: Use skim or buttermilk, $\frac{1}{2}$
to 1 pint daily.
Bread: Use whole grain breads
for their high mineral and vitamin
content.

Meat and Fish: At least one serv-
ing of lean meat, no pork or fat
fish; one egg daily or at least 3 or
4 a week.
Vegetables and Fruit: Are stress-
ed because they provide bulk to
satisfy the appetite but are low in
calories. At the same time they
provide essential minerals and vita-
mins.

Diet Don'ts . . .
1. No fried food, fried meats,
fried potatoes, doughnuts, fritters,
etc.
2. No fat meats, no pork, no
gravy.

3. Three regular meals daily —
no eating between meals — no
skipping breakfast.

4. No cream, mayonnaise, nuts,
peanut butter, lard, crisco, fat —
except butter allowed on the diet
outline.

5. No sweets, candy, jelly, jam,
honey, molasses, etc.

6. No cream sauces or cream
soups.
7. No tonic, pop or soft drinks.
8. No alcoholic beverages.
9. No fat diets.

Notes From D.A.

District Agriculturalist
By HOWARD FULCHER

Substitute milk feeding in rais-
ing calves is becoming more practi-
cal and successful.

On farms where whole milk is
sold and it is impractical to pro-
vide calves with skim milk, it is
expensive to continue liberal feed-
ing of whole milk. In other cases
where calves are being raised,
which have been purchased, milk
may be not available for feeding.

Calves can be successfully raised
with "milk substitute" products
and suitable concentrates. These
milk substitute products all con-
tain some skim milk or buttermilk
powder and can be used to replace
all or part of the milk usually fed.

It has been found in experiments
that it is economical to ship milk
and feed these products. These
products are also fortified with
vitamins and anti-biotics; scours
as well as other calfhood disorders
seem less noticeable.

Following the feeding of these
milk substitute products, commer-
cial calf meals are available on the
market. These are very suitable
for calves after they are about
three weeks old; they contain milk
powder, grain, minerals and by-
products. A good calf meal will
have 25% protein and not more
than 4% fibre.

The above mentioned products
are usually mixed with water and
fed as milk; the meals as a gruel.
They do not replace hay and grain;
they are substitutes for milk; other
feeds are fed the same as if calves
were on milk.

Milk is the natural and an ex-
cellent feed for calves, but new
substitutes and meals can be used
successfully in raising good calves.

THE DRIVER'S PRAYER

Grant me a steady hand and
watchful eye
That no man shall be hurt
when I pass by.
Thou gavest life, and pray
no act of mine
May take away or mar
that gift of Thine.
Shelter those, dear Lord,
who bear me company.
From the evils of fire and
all calamity:
Teach me to use my car
for other's need.
No miss thru love
of speed.
The beauty of Thy world:
that thus I may
With joy and courtesy
so my way.

WEDDINGS

PHILLIPS — CROSBIE

A candlelight ceremony was so-
lemnized on Friday, September 26,
at the Central United Church in
Calgary, when Janet Crosbie, only
daughter of Mr. and Mrs. Clair
Crosbie of Elkton, became the bride
of Mr. Leonard Phillips, youngest
son of Mr. and Mrs. Clarence Phil-
lips of Sundre. Rev. G. B. Switzer
performed the ceremony.

The bride chose a grey suit with
matching accessories and wore a
corsage of white roses. She was
attended by Miss Geraldine Phil-
lips, niece of the groom, who wore
a beige suit with turquoise acces-
sories. The groom was attended
by Mr. Donovan Doyle of Sundre.
Following a wedding trip to Ed-
monton, the newlyweds will reside
in the Highland district.

The McCulloch Story

The James McCulloch family of this district is one of the three Master Farm Family award winners for 1958. Hon. L. C. Halmrast, minister of agriculture for the province of Alberta, announced last week.

The Master Farm Family competition again followed the theme of "Good Farming - Right Living - Clear Thinking." Since inception of the award ten years ago, 36 Alberta farm families previously have been so honored.

The main objective of the program is to provide Alberta farmers with a practical demonstration showing how a family can achieve success in farming, and in community and home life. Winners receive a \$1,000 cash award, and an engraved plaque.

A strong conviction that a diversified farm operation is the best insurance for Alberta farmers, prompted Mr. McCulloch to organize his holdings along that line.

Midway Farms, operated by the award winner and his 37-year-old son, Arnold, have some 1200 acres of good arable land under cultivation. They have about 130 head of Hereford cattle, 200 hogs, 20 sheep and a number of chickens. Six milch cows are also kept.

Mr. McCulloch was born in Montana in 1902 and moved to Alberta with his parents a few days after Alberta became a province. He attended school when he could, missing classes during spring seeding and fall harvest seasons. The "call of the land" lured him away from his studies after he finished the eighth grade.

In 1929 he married a neighboring school mate, Mary Richardson, whose parents emigrated from England in 1910.

Just prior to the depression Mr. McCulloch's father purchased a section of land a short distance from the original homestead. During the next few years 1200 acres were hard to meet, and interest on the mortgaged property was all the family managed to pay.

In spite of the conditions of the times, the young couple decided to strike out on their own. Mr. McCulloch asked his father if he could take over the indebted section. Early in 1935, the couple and their young son moved onto the site of their present homestead.

Many obstacles and difficulties were encountered. Pondering over these, Mr. McCulloch decided that the major one lay in paying interest and principal on a mortgage in excess of \$12,000. He called upon the holder of the mortgage to arrange a "new deal." He proposed to pay \$2,000 per year on the principal provided the interest charges be dropped. The holder agreed to let the determined young farmer try it for one year — 1937.

Working long, hard hours, Mr. McCulloch managed to seed several hundred acres of his section. The future appeared bright until a hail storm completely wiped out his pact, he began investigating other ways to raise the needed money.

With the supply of feed derived from his ruined crop and a plentiful supply of water, he arranged to winter several hundred head of cattle from the famed V-Bar-X ranch. This venture provided sufficient income to meet his obligations.

It was during this period that Mr. McCulloch decided that a farmer's security lay in diversification, working on this principle, he has been able to build his holdings up to Master Farmer Standards.

Midway Farms now operate 2 1/4 sections of land. Three quarter sections are leased. Purchase of a half section of the leased land is presently being negotiated. There are 1245 acres under cultivation, of which some 800 acres are seeded.

The rotation program followed depends largely on the condition of land, weather, type of crop and previous yields. Ordinarily, two crop years are followed by one year of summer fallow.

Major crop grown is barley with about 500 acres seeded to Oats. One hundred acres is devoted to Corn and Chinook wheat and some 200 acres to Rodney and a new hull-less oats, Torch. The latter, Mr. McCulloch has found, is ideal for piglet feed.

Now registered seed is purchased every four years.

Midway Farm maintain a beef cattle herd of 130 head. They are normally marketed as 1000 pound yearlings.

Some 200 hogs are raised continually throughout the year. Mr. McCulloch is presently experimenting with a cross of Yorkshire sows and a Landrace boar. Hogs are marketed when they reach about 200 pounds. The breeders have averaged two litters per year from each sow, with litters of 15 or 16 pigs.

A unique barn-like structure, 144 feet long and 32 feet wide houses the hogs. An elevated storage bin in a loft feeds grain directly to a mill where it is chopped for feed for livestock and hogs. Spouts take the chopped feed to any of four bins located on the main level. A water tank maintains a constant level in the drinking troughs for the hogs. Each sow has a separate

pen in the barn.

In the other end of the barn a separate section is devoted to milch cow use, where a modern milking machine is situated.

The farm is completely mechanized and modernized. A machine shop and storage shed is well equipped right down to a "pit."

Mr. and Mrs. McCulloch have raised a family of four. The family celebrated a double wedding in 1951 when Arnold and daughter Lora married another brother and sister team, Jean and Howard Krebs. Two other girls, Lila, is employed at Jasper, while Annie is attending school and living at home.

DISTRICT NEWS

M.V.B.C. NEWS

(From Our Own Correspondent)

The college has opened with a registration of over fifty. There will be several more coming in before the end of the month. Although late, special efforts are made to help the late-comers for it is known that many students depend on their earnings to come to college. It is hoped that as they go in and out of town stores that they will bring something of their own fine personalities to all who meet them.

President Taylor and a group of students were guest speakers and singers in the Naarene church in both Olds and Bowden. This interchange of ministry in the churches is appreciated by those who have to call the college for help in this department.

Mr. Lavern Traub has a splendid class of piano students this year. He is taking his final work toward a music degree from the Toronto Conservatory, and we wish him every success in this line of work.

The college has had a number of guests during the weekend and on Thanksgiving Day. Rev. and Mrs. Wm. Falk, Miss Dorothy Thompson of Red Deer, Nazarene College, Rev. and Mrs. Oxenham of Winnipeg, B.C., Miss Lois Suder, Miss Dorothy Shantz, who has returned from England after spending a year on the teacher exchange plan. Miss Shantz is also a graduate of the college and is at present teaching in Calgary. She is also a graduate of the University of Alberta.

Miss Shirley Shantz and Miss Kay Hein, who were students here last year, visited the campus on Sunday. The former is a student nurse in the Royal Alexandra hospital in Edmonton and the latter is planning to enter on a nurse's aid course soon.

Rev. and Mrs. Auburn Witt are now busy in the class rooms. Mr. Witt is teaching a full schedule, as well as conducting the choir this year. Mrs. Witt is teaching psychology and history of missions. For those who do not know, this young couple are missionaries to Nigeria and have spent one term on the field. Mr. Witt is a graduate of Seattle Pacific College, as well as a seminary there, and has his Bachelor of Divinity Degree. Mrs. Witt has specialized in nurse's training and holds a degree from S.P.C. making it possible for her to instruct nurses as required by those in authority in Nigeria. We are most happy to have these qualified workers on campus this year. You will be meeting them as they go about their duties and take part in public services from time to time.

FRY AUCTION SALE
TURNS OUT WELL

A very successful auction sale was held at the farm of H. N. Fry on October 2nd. Harvesting being completed and the weather perfect, a good crowd was in attendance. The auctioneers, Raymond Shantz and Jim Raffan, had everything well organized and called a first class sale. The machinery sold well and the sows and feeders brought top prices. The milk cows averaged \$200.00, the range cows \$170.00, and the calves \$100.00. The Mountain View Women's Institute made the day complete by serving a fine lunch.

MELVIN INSTITUTE HOLDS
REGULAR MEETING

The October meeting of Melvin W.I. was held at the home of Mrs. Cecil Shields with eight members and one visitor present.

Mental health was discussed and tabled again until more members are present. Mrs. Glen Roberts reported on the executive meeting.

Members having health and United Nations as topics are asked to bring them to the next meeting at Mrs. Bannerman's.

Mrs. John Kershaw gave the quotation. Mrs. H. Richardson was guest speaker.

WEST NOTES

(From Our Own Correspondent)

Several members of Rugby W.I. went on a cranberry picking tour west of Graham on October 3, and although the berries were not too plentiful, all thoroughly enjoyed the outing.

The Elton Willing Workers met at the home of Mrs. G. Befus last Wednesday, with most members present. Five dollars will be sent to the Unitarian Services League. Next meeting will be held at the home of Mrs. J. Bagshaw, when it is hoped Red Cross work will be started again.

Mr. and Mrs. P. Luft were Black Diamond visitors on Friday, where they attended the wedding of a niece.

Mrs. J. Anderson and wee son Kevin returned to her home in Calgary on Monday, after spending a week with her parents. Mr. and Mrs. H. Hoegood.

The ladies on the committee of the Rugby W.I. responsible for the final planning of the turkey and ham supper to be held in the hall on October 29, will meet Friday afternoon to make up their lists of donations.

Mr. and Mrs. E. Wasnek and family of Calgary were weekend guests with Mr. and Mrs. G. Befus. Mr. and Mrs. W. Snyder, Mr. Harry Snyder and Mr. and Mrs. Vic Snyder visited with Mr. and Mrs. E. W. Lewis on Sunday.

Miss Maxine Hoegood, Reg.N. of Calgary, visited with her parents at the weekend.

Mr. and Mrs. R. Springay of Calgary spent the long weekend at the Banting home.

ST. CYPRIAN'S PLAN
ANNIVERSARY SUPPER

At the monthly meeting of St. Cyprian's W.A. arrangements were made for the supper to be held at 8 p.m. in the Lions hall, prior to the anniversary services at St. Cyprian's Anglican church on Sunday, October 19th. It was also decided to hold the annual tea and bake sale on Saturday, November 29th in the Lions hall.

WALTHER LEAGUE AND
LADIES' AID HOLD MEETINGS

The Ladies' Aid and also the Walther League of Redeemer Lutheran Church at their respective meetings this week showed their mission spirit in a very tangible way.

Redeemer Walther League, hearing that a former Walther Leaguer, who had spent a short time in the mission field in New Guinea as missions builders and called home due to illness in his immediate family, was married on September 13 and together with his bride left on October 1st to spend five years in New Guinea as lay workers, decided to donate \$25 towards this phase of the church work.

The Ladies' Aid, having been informed of the financial situation in the Lutheran Church—Missouri Synod through the annual Missions Sunday, and the distribution of The Lutheran Witness, official publication of the church, voted the sum of \$200, to be used for debt reduction in the Synod.

The Ladies' Aid also voted to donate \$25 to the commissary department of Concordia College, Edmonton.

During the last few months the Aid has been taking orders for materials made in Hong Kong for the support of the mission work in that area. To date, they have sold over \$250 worth of items.

The Aid is also working for a congregational supper to be held on Friday, October 24th. It will begin at 7 p.m. Following the meal, the entire group will enjoy a lecture by a guest speaker. This supper is also open to the many friends Redeemer has in this community.

**296 KILLED AT
LEVEL CROSSINGS**

Level crossings still are taking a death toll in Alberta as in other parts of the country. In September, three persons in a car were killed in a crossing accident in this province while the fourth occupant, an 11-year-old boy, died in hospital a few hours later.

A report issued this year by the Board of Transport Commissioners shows 150 persons were killed in crossing accidents in Canada last year.

Of these, 91 were in daytime and 59 in night accidents. In addition, 465 persons were injured. All were in vehicles struck by trains. In addition, 38 persons were killed when their vehicles ran into trains, and 237 injured. Also, 18 pedestrians were struck by trains and 14 were injured.

CHRISTIAN SCIENCE

Today's demand for practical application of the spiritual truths taught and practiced by Christ Jesus will be emphasized at Christian Science services this Sunday.

The Topic of the Lesson-Sermon is "Doctrine of Atonement." The Apostle Peter's directive, "But as he which hath called you is holy, so be ye holy in all manner of conversation; Because it is written, Be ye holy; for I am holy" (Peter 1. 15, 16) will be included in the Bible readings.

From "Science and Health with key to the Scripture" by Mary Baker Eddy the following will be read: (37: 16-17, 22-25).

"When will Jesus' professed followers learn to emulate him in all his ways and to imitate his mighty works? . . . It is possible, — yea, it is the duty and privilege of every child, man and woman, to follow in some degree the example of the Master by the demonstration of Truth and Life, of health and holiness."
